

ABOUT THE COLLEGE

Kamarajar College of Pharmacy, Cuddalore, functioning under the **KSA Educational and Charitable Trust**, is committed to promoting quality education, professional excellence, research, innovation, and community development in the field of pharmacy and healthcare. The Trust employs nearly **100 dedicated staff members** and has a strong focus on promoting education in the rural sector while nurturing young talent for careers in pharmacy, pharmaceutical sciences, healthcare, research, and personalized medicine.

The College is dedicated to the **holistic development of students**, giving importance to both their personal and professional growth. Through academic education, practical training, clinical exposure, research activities, outreach programmes, and industry and hospital collaborations, the institution strives to prepare students to meet the evolving needs of the healthcare sector. The College aims to provide students with opportunities to develop scientific knowledge, practical competencies, communication skills, professional ethics, and career-oriented capabilities.

Vision:

To become Pioneers in Pharmacy Education and Research by preparing skilled, ethical and compassionate pharmacists who can meet global healthcare needs.

Mission:

- To provide quality Pharmacy education with innovative learning and practices.
- To develop competencies among the students and empower them to meet the changing needs of the profession.
- Innovative Research with an Industrial Focus.
- Practicing Pharmacy approach at the community level through pharmaceutical health care.

Courses offered:

D.Pharm – Diploma in Pharmacy

The **Diploma in Pharmacy (D. Pharm)** programme provides students with a strong foundation in pharmaceutical sciences and pharmacy practice. The programme was started in **2017 with an approved intake of 60 seats**. It introduces students to fundamental areas of pharmacy and prepares them for professional responsibilities in community and healthcare settings. The programme emphasizes theoretical learning along with practical exposure through well-equipped laboratories. Students gain knowledge in pharmaceutical sciences and develop the basic skills required for dispensing, handling medicines, patient interaction, and pharmacy-related professional activities.

Eligibility: Candidates seeking admission to D.Pharm should have passed the **10+2 examination in the Science stream with Physics, Chemistry and Biology or Mathematics**, or an equivalent qualification recognized under the applicable Pharmacy

Council of India and State Government regulations. The admission requirements are subject to the prevailing regulatory norms

B. Pharm – Bachelor of Pharmacy

The **Bachelor of Pharmacy (B. Pharm)** programme was introduced in **2021 with an intake of 60 seats**. The programme is designed to provide comprehensive education in pharmaceutical sciences and prepare graduates for opportunities in community pharmacy, hospitals, pharmaceutical industries, research, regulatory affairs, and other healthcare-related sectors.

The curriculum provides exposure to major pharmaceutical disciplines including **Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, Pharmacognosy, Pharmaceutical Analysis, Pharmacy Practice, and Biotechnology**. Students receive practical training through dedicated laboratories and are encouraged to develop analytical, scientific, technical, and professional skills. The programme also provides opportunities for students to participate in research, seminars, academic activities, outreach programmes, and professional development initiatives, thereby supporting their progression towards diverse career pathways.

Eligibility: As per the B. Pharm regulations available through PCI & TNMGRMU, candidates seeking first-year admission should have passed the **10+2 examination recognized as equivalent to 10+2 by the Association of Indian Universities**, with **English as one of the subjects and Physics, Chemistry, Mathematics and/or Biology** as subjects. Candidates with a **D. Pharm qualification from a PCI-approved institution** may be eligible for lateral entry to the third semester, subject to the applicable regulations

Pharm.D – Doctor of Pharmacy

The **Doctor of Pharmacy (Pharm.D)** is a professional doctoral programme designed to develop clinically competent pharmacists capable of contributing directly to patient care and healthcare delivery. The programme was started in **2025 with an intake of 30 seats**.

The Pharm.D curriculum integrates pharmaceutical sciences with clinical pharmacy and pharmacy practice. Students are exposed to areas such as **hospital pharmacy, community pharmacy, clinical pharmacy, formulation development, quality assurance, biostatistics, research methodology, clinical toxicology, clinical research, pharmacoepidemiology, Pharmacoeconomics, pharmacotherapeutics, and drug monitoring**.

A major strength of the programme is its emphasis on **hands-on clinical training**. The College has an MoU with **Government Cuddalore Medical College Hospital**, a **1260-bed tertiary care teaching hospital**, providing students with opportunities for advanced clinical exposure. Students participate in clinical activities, interact with healthcare professionals and patients, review medication-related information, develop patient counselling skills, and gain practical experience in optimizing medicine use and reducing medication-related problems. The programme also includes a **one-year hospital internship**, enabling students to apply their classroom learning in real-world clinical settings.

Eligibility

1. Candidate shall have passed 10+2 examination conducted by the respective state/central government authorities recognized as equivalent to 10+2 examination by the Association of Indian Universities (AIU) with English as one of the subjects and Physics, Chemistry, Mathematics (P.C.M) and or Biology (P.C.B /P.C.M.B.) as optional subjects individually.
2. Minimum of 50% aggregate of marks in PCM/PCB
3. Age: Completion of 17 years on or before 31st December of year of Admission.

M.Pharm – Pharmaceutical Analysis

The **M. Pharm in Pharmaceutical Analysis** postgraduate programme was introduced in **2025 with an intake of 6 seats**. The programme is intended to provide advanced knowledge and practical skills in pharmaceutical analysis and related areas. Students are encouraged to develop analytical thinking, laboratory competencies, research skills, and an understanding of quality-related aspects of pharmaceuticals.

The programme provides an avenue for students interested in **pharmaceutical quality control, analytical research, academic careers, industrial laboratories, and higher research studies**. The availability of specialized laboratory facilities supports practical learning and research-oriented education.

M.Pharm – Pharmaceutics

The **M. Pharm in Pharmaceutics** programme was also introduced in **2025 with an intake of 6 seats**. The programme provides advanced education in pharmaceutics and pharmaceutical formulation-related areas. Students are encouraged to strengthen their understanding of formulation development, pharmaceutical technology, quality considerations, and research methodologies.

The programme is intended to support students aspiring to careers in **pharmaceutical formulation, research and development, quality-related functions, academia, and higher studies**. Through postgraduate-level academic and practical training, students are encouraged to develop independent research capabilities and professional competence.

Eligibility: Candidates seeking admission to M. Pharm should possess a **B. Pharm degree from an institution/university recognized by the Pharmacy Council of India and the competent University authorities**, satisfying the applicable postgraduate admission regulations. The TNMGRMU M. Pharm regulations specify a B. Pharm qualification and require the candidate to satisfy the prescribed registration requirements.

Infrastructure and Learning Environment

The College has **well-equipped laboratories** catering to major pharmaceutical disciplines such as **Pharmaceutics, Pharmacology, Pharmaceutical Chemistry, Pharmacognosy, Pharmaceutical Analysis, Pharmacy Practice, and Biotechnology**. These facilities support practical education and enable students to complement classroom learning with hands-on experience.

The **Department of Pharmacy Practice** plays an important role in connecting pharmaceutical sciences with patient care. Training includes clinical pharmacy, pharmacotherapeutics, clinical pharmacokinetics, hospital and community pharmacy, drug information services, patient counselling, pharmacoepidemiology, and pharmacovigilance. Teaching and learning activities include case-based discussions, clinical case presentations, seminars, journal clubs, drug information assignments, and hospital-based clinical training.

Research, Collaboration and Community Engagement

Research and innovation form an important part of the institution's academic development. The College was conferred **Second Place in the Upcoming Institution Award among Pharmacy Institutions** during **University Research Day 2025** conducted by The Tamil Nadu Dr. M.G.R. Medical University. This recognition reflects the institution's efforts towards strengthening research and academic activities.

The College has also conducted **various outreach and extension activities**, contributing to community awareness and rural development. These initiatives provide students with opportunities to interact with communities and understand the practical responsibilities of healthcare professionals.

Further strengthening its academic and professional network, the institution has established **10 Memoranda of Understanding (MoUs) with industries and hospitals**. These collaborations facilitate opportunities for practical exposure, clinical learning, industrial interaction, training, internships, research, and career development.

Commitment to the Future

Kamarajar College of Pharmacy continues to focus on creating a learning environment that combines **quality education, practical training, clinical exposure, research, community engagement, and professional collaboration**. By nurturing students across diploma, undergraduate, doctoral, and postgraduate programmes, the institution aims to develop competent and responsible pharmacy professionals who can contribute meaningfully to healthcare, pharmaceutical industries, research, and society.

The College's overall educational approach is centred on **student development, scientific advancement, professional competence, patient-centred care, research, and service to the community**, with the objective of preparing graduates to pursue successful and meaningful careers in the rapidly evolving healthcare and pharmaceutical sectors.

Faculties Details

S.No	Name of the Faculty	Qualification	Designation
1.	Dr. G. Geetha	M.Pharm.,Ph.D	Principal
2.	Mrs. R. Sudha	M.Pharm.,Ph.D	Vice Principal/Associate Professor
3.	Dr.K.K.Sivakumar	M.Pharm.,Ph.D	Head of the Department (Pharmaceutical Chemistry)
4.	Dr. V. K. Kalaichelvan	M.Pharm.,Ph.D	Head of the Department (Pharmacology)
5.	Dr.A.Sriram	M.Pharm.,Ph.D	Head of the Department (Pharmacy Practice)
6.	Mrs. K. Arulselvi	M.Pharm	Associate Professor
7.	Mrs. V. G. Akilandeswari	M.Pharm	Associate Professor
8.	Mrs. A. Abinaya	M.Pharm	Associate Professor
9.	Mrs. B. Siva Ranjani	M.Pharm	Associate Professor
10.	Mr.T.Hariharan	M.Pharm	Assistant Professor
11.	Dr. R. Gomathi	Pharm.D	Assistant Professor
12.	Mr. A. Bharathi Raja	M.Pharm	Assistant Professor
13.	Dr.I.Shangeerthanasri	Pharm.D	Assistant Professor
14.	Mrs. S. Akalya	M.Pharm	Assistant Professor
15.	Mr.J. R. Chandra Prakash	M.Pharm	Assistant Professor
16.	Mrs.M.Saranya	M.Pharm	Assistant Professor
17.	Mrs.B.Nanthini	M.Pharm	Assistant Professor
18.	Mr. D. Palanivel	B.Pharm	Lecturer
19.	Mrs. P. Tamizhazhahi	B.Pharm	Lecturer
20.	Mrs. J. Hilma Dora	B.Pharm	Lecturer
21.	Dr.M.Krishnaveni	M.Phil.,Ph.D	Lecturer
22.	Mrs.A.Sivaranjani	M.Sc., M.Phil	Lecturer
23.	Mrs.S. Maheswari	B.Pharm	Lab Technician
24.	Ms. R. Theivani	D.Pharm	Lab Technician
25.	Ms.M.Abina	D.Pharm	Lab Technician
26.	Ms.S.Kanimozhi	D.Pharm	Lab Technician
27.	Ms.P.Janani	D.Pharm	Lab Technician
28.	Ms.S.Mary George Pradhisha	B.Pharm	Lab Technician
29.	Mrs.T.Jayapriya	MLIS	Librarian
30.	Mrs. D. Akila	M.Sc	Office Administration
31.	Mrs.N.Anantha Lakshmi	B.Sc	Office Administration
